Dear Sir:-

The Jasmine Crop will come on this year early enough that first shipments will be made about May 10th or 12th, shipping season continuing until about June 10th. There will be a good supply of stock for Decoration Day.

In placing your orders remember that the older a Jasmine bush gets the poorer quality of stock it furnishes. By Continuous planting I have a new field coming on every year or two which always gives me a supply of stock from young bushes; thus insuring a quality far above the average. Will be pleased to receive your order at an early date. Terms and prices as per the inclosed.

Yours truly,

E. J. SHEFFIELD
